

Hi! I am Ivan, UI/UX developer.

I am 21 years old guy, currently educating myself in the field of front-end development.

I do so through multiple online certifications. I was studying in Copenhagen but my country of origin is Slovakia. I treat digital world as my passion and future.

FEATURES

QUICK LEARNER

I am able to understand and learn new concepts fairly quickly

DIGITAL CROSOVER

I have knowledge from various fields – web development, UI/UX, marketing

CHALLENGE SEEKER

It is in my nature to constantly look for new challenges

SKILLS

HOBBIES

The biggest hobby of mine is playing drums. Besides music, I am generally involved in arts. If I want to really rest my mind I tend to do sports, mostly basketball, gym and skiing. I train my creativity in the kitchen. I am a passionate home-cook and fan of Asian cuisine.
